# European Health Management Association

- Established in 1983
- Not for profit, membership led association
- Offices in Brussels
- Focus on Improvement and knowledge transfer

## Our vision

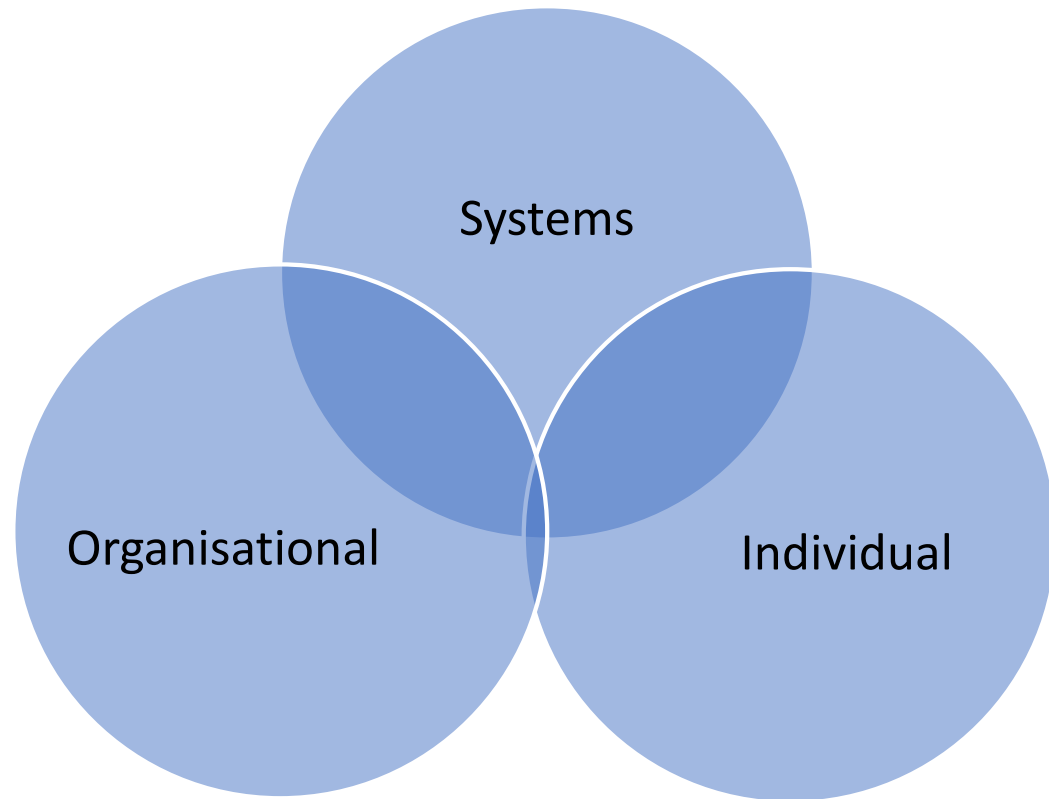

Our vision is to support the spread of knowledge on excellence in health management at all levels: systemic, organisational and individual. In doing so we strive to improve sustainability and effectiveness of health systems and services, and the well-being of Europe's citizens and communities.

## How?

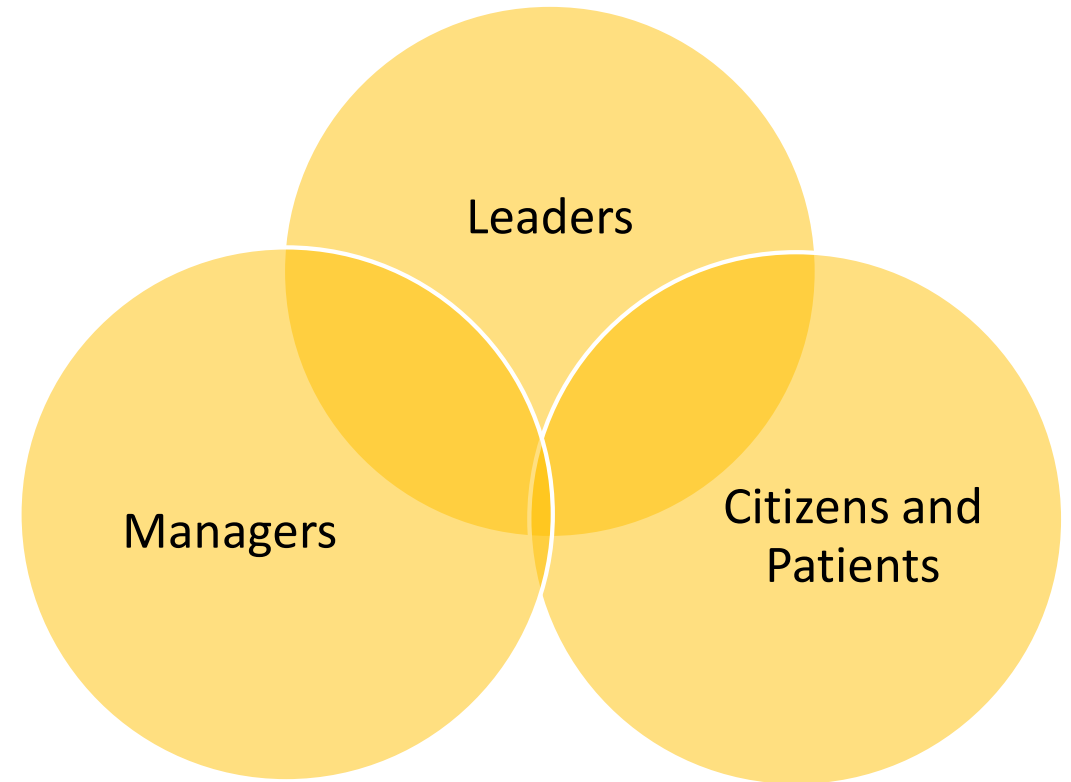

- Dynamic European Health Network of managers, educators, providers, researchers, citizens, innovators and policy makers,
- Making **knowledge** about evidence-based effective practice more **accessible**
- Facilitating and supporting **improvement, education and training**
- **Stakeholders** engagement
